

What is KidCheck?

KidCheck is a secure children's check-in system that enhances your childcare provider's security system and simplifies the check-in process. KidCheck helps ensure no one can pick up your child without your consent.

We know the importance of safety when considering a childcare provider, and by choosing one that uses KidCheck, you can be assured your child's security is a top priority. Parent/guardian accounts are free and simple to set up, allowing you to control and maintain your child's information for quick and easy check-in.

How KidCheck Benefits Parents

Child Safety

- Easily create and update a list of who can (and cannot) pick up your children
- Upload photos of children and guardians for added security
- Provide medical and allergy information and alerts

Secure Information

- No one sees you or your child's information until you check-in to their facility
- KidCheck uses the same secure data technology as banks to keep your information safe
- KidCheck never asks for personal identification such as Social Security numbers, credit cards or banking information, and we never sell the information we do gather

Convenient

- Speedy check-in - simply input your 10 digit phone number
- KidCheck is web-based, so you can access and modify your account from anywhere
- Text message notifications when your child is checked in and out, or in case of emergency

Control

- You're in control of your account information so you know it's correct and up-to-date
- Create and update your free account from the comfort of home
- You choose the photos you want to upload

Check-In to other KidCheck Facilities

- Once you have an account, you can check-in to any facility using KidCheck - your church, daycare, the gym, activity center or more
